# Medi-Pak<sup>®</sup> Vision Care Program

## Program Description

Arkansas Eye Associates, Inc. ("AEA"), and Arkansas Primary Eye Care, Inc. ("APEC"), nonprofit vision service plan corporations, certify that they have contracted with the Medi-Pak Group Insurance Trust to provide, through Member Providers, the following services and benefits to persons participating in the Trust (Medi-Pak Plus and Medi-Pak Plans A, B, C, D, F, High Deductible F, G, High Deductible G, I, J and N members):

1. **Asymptomatic** eye examinations (**see below for definition**) at no cost to the participants in the Trust, if provided by a Member Provider, and
2. A discount of 15% off the price of eyeglass lenses, frames, tints and coating. A 15% discount on regular wear contact lenses or a 5% discount on disposable contact lenses. The discount for ophthalmic materials shall only be applicable if the examination is provided by the Member Provider furnishing the ophthalmic materials.

## DEFINITIONS:

1. **Asymptomatic** eye examinations are routine eye examinations for individuals who are not experiencing any symptoms or problems with their eyes. Individuals are encouraged to get these examinations to detect and prevent eye disease. An annual eye examination is not always considered asymptomatic. **NOTE: If your examination is considered symptomatic, the provider will bill Medicare for the service. You will be responsible for the Medicare Part B deductible and coinsurance if your examination is determined to be symptomatic.**
2. "Member Provider" means an optometrist or ophthalmologist who has entered into an agreement with AEA or APEC to provide the services and benefits described above to participants in the Trust.
3. "Ophthalmic Materials" means prescription eyeglasses, including frames, lenses, tints, coating, and contact lenses customarily offered for sale by a Member Provider or any optical service wholly or partially owned by a Member Provider.

## CONDITIONS AND LIMITATIONS:

1. This certificate does not entitle a participant in the Trust to any services or benefits by any optometrist or ophthalmologist who is not a Member Provider. You should determine whether an optometrist or ophthalmologist is a Member Provider before obtaining any examination or agreeing to purchase any ophthalmic materials thought to be covered by this certificate. Any questions concerning the Member Provider status of any optometrist or ophthalmologist should be referred to either AEA at 410 W. Race Ave., Searcy, Arkansas 72143 (501) 203-0555, or APEC at 924 Main Street, Conway, Arkansas 72032. (501) 327-8377.
2. All services and benefits provided by this certificate are provided directly by Member Providers to participants in the Trust. Claim forms will be filed with Medicare and/or Medi-Pak.
3. It shall be the determination of each Member Provider as to the number of examinations provided to a participant in the Trust. Symptomatic eye examinations may be covered by Medicare and/or the Medi-Pak Medicare Supplement Certificate. Only one asymptomatic examination shall be provided at no cost to the participant in the Trust during a calendar year. The number of prescriptions provided to each participant shall not be limited.
4. The benefits described in this certificate are in addition to and not instead of your benefits under Medicare or the Medi-Pak Medicare Supplement Certificate and shall not be applied or interpreted to reduce or interfere with those benefits in any way.
