Arkansas Blue Medicare will always reimburse claim payments for covered members directly to the participating provider. If an unassigned claim is submitted on behalf of the member, we will still pay the claim directly to the participating dentist. Please verify the member's eligibility and benefits prior to rendering services. Medicare Advantage only pays for treatment that is medically necessary. Post-payment review may result in refund to Arkansas Blue Medicare in cases when medical necessity could not be established.

Medicare Advantage Non-Participating providers

Arkansas Blue Medicare will always reimburse claim payments for covered members directly to the members if seen by non-participating providers. Please verify the member's eligibility and benefits prior to rendering services. Blue Medicare PPO plans offer out of network benefits that may be at a higher copay, coinsurance or out of pocket expense for the member. Blue Medicare HMO plans do not allow out of network benefits. Non-participating providers should notify the member of participation status prior to services being rendered.

Medicare Opt Out providers

Arkansas Blue Cross will not provide reimbursement for any service provided by a participating or non-participating provider if they are opt out of Medicare.

Services That Are Not Covered

Some services are not covered regardless of whether the procedure is listed as a covered benefit. These are considered contractual limitations and are outlined in the Subscriber Certificate or Guide to Benefits under "Limitations and Exclusions." Examples include a service performed for cosmetic purposes rather than for tooth decay or fracture, or an exploratory service. Prior to rendering Non-Covered Service(s) you need to inform the Member and obtain the Member's written acknowledgment that he or she has been informed of the nature of the service, why it is not a covered benefit and that the Member is personally and financially liable for payment of the Non-Covered Service(s). Amounts due for the Non-Covered Service(s) may then be billed to the Member at the Dentist's usual and customary charge(s).

Here is an example of how we calculate the member's cost-share for a non-covered service:

Procedure Code	Your Charge	Coverage Level	Allowed Amount	Member Cost-share
D0460	\$50	0%	\$0	\$50

Co-insurance is a type of member cost-share representing a percentage of the allowed amount for covered services. If the member's dental plan covers a procedure at less than 100%, the member is responsible for the difference between what we pay and the Maximum Allowable Charge, as shown in this example:

Procedure Code	Benefit Type	Coverage Level Allowed	Allowed Amount	Member's Co-insurance
D2150	Basic	80%	\$100	$\$100 \times 20\% = \20

The member's Co-insurance is based on a percentage of your Arkansas Blue Medicare Maximum Allowable Charge Schedule and the member's benefit structure. The member is responsible for all Non-Covered Services. You can collect the member's Co-insurance at the time of the visit or bill the member after you receive payment from us.

Section 12: Coordination of Benefits (COB)

Determining the Primary Payor

The first of the following rules applicable shall be used by Arkansas Blue Medicare to determine the primary payor.

- 1) The plan that covers the person as an employee or member, other than as a dependent, is determined to be primary before the dental plan that covers the person as a dependent.

However, if the person is also a Medicare beneficiary, Medicare is secondary to the dental plan covering the person as a dependent of an active employee. The order in which dental benefits are payable will be determined as follows:

- a. Dental benefits of a plan that covers a person as an employee, member or subscriber.
 - b. Dental benefits of a plan of an active employee that covers a person as a dependent.
 - c. Medicare benefits.
- 2) When two or more dental plans cover the same child as a dependent of different parents:
 - a. The dental benefits of the plan of the parent whose birthday, excluding the year of birth, falls earlier in a year are determined before those of the dental plan of the parent whose birthday, excluding the year of birth, falls later in the year; but
 - b. If both parents have the same birthday, the dental benefits of the plan that has covered the parent for the longest are determined before those of the plan that has covered the parent for the shorter period of time.

However, if one of the plans does not have a provision that is based on the birthday of the parent, but instead on the gender and this results in each plan determining its benefits before the other, the plan that does not have a provision based on a birthday will determine the order of dental benefits.

- 3) If two or more dental plans cover a dependent child of divorced or separated parents, dental benefits for the child are determined in this order:
 - a. The plan of the parent with custody of the child.
 - b. The plan of the spouse of the parent with custody of the child.
 - c. The plan of the parent not having custody of the child.

However, if the specific terms of a court decree make one parent financially responsible for the dental care expenses of the child, and if the entity obliged to

payor provide the dental benefits of the dental plan of that parent has actual knowledge of those terms, the dental benefits of that plan are determined first. This does not apply with respect to any claim determination period or dental plan year during which any dental benefits are actually paid or provided before that entity has the actual knowledge.

- 4) The dental benefits of a dental plan that covers a person as an employee other than as a laid-off or retired employee, or as a dependent of such a person, are determined before those of a dental plan that covers that person as a laid-off or retired employee or as a dependent of such a person. If the other dental plan is not subject to this rule, and if, as a result, the dental plans do not agree on the order of dental benefits, this paragraph shall not apply.
- 5) If an individual is covered under a COBRA continuation plan and also under another group dental plan, the following order of benefits applies:
 - a. The dental plan which covers the person as an employee or as the employee's dependent.
 - b. The coverage purchased under the dental plan covering the person as a former employee, or as the former employee's dependent provided according to the provisions of COBRA.

If none of the above rules determines the order of dental benefits, the dental benefits of the plan that has covered the employee, member or insured the longest period of time are determined before those of the other dental plan.

Coordination of Benefits shall not be permitted against the following types of policies:

1. Indemnity
2. Excess insurance
3. Specified illness or accident
4. Medicare supplement

Determining Your Patient's Liability in a COB Situation

- 1) If the Arkansas Blue Medicare Plans are the Secondary Plan in accordance with the order of benefits determination rules outlined above, the benefits of the Plan will be reduced when the sum of:
 - a. The benefits that would be payable for the allowable expense under the Arkansas Blue Medicare Plans in the absence of this COB provision; and
 - b. The benefits that would be payable for the Allowable Expense under the other plans, in the absence of provisions with a purpose like that of this COB provision, whether or not a claim is made, exceeds those Allowable Expenses in a claim determination period. In that case, the benefits of the Arkansas Blue Medicare plans will be reduced so that its benefits and the

benefits payable under the other plans do not total more than those Allowable Expenses.

2) When the benefits of the Arkansas Blue Medicare Plans are reduced as described above, each benefit is reduced in proportion. It is then charged against any applicable benefit limit of the Arkansas Blue Medicare Plan.

Helpful Tips

In situations where you believe your patient may be covered by more than one payor, the following hints may help you manage the claim more efficiently:

- Determine your patient's primary payor, and submit the claim to that payor first.
- Submit the primary payor's Explanation of Benefits (EOB) to the secondary payor (even if both payors are Arkansas Blue Medicare).
- Always calculate your patient's liability by claim line rather than by using the total claim payment amount, waiting until all insurance payments have been made.
- Remember that the secondary payor's EOB may not correctly reflect the patient's balance and that your patient's liability may be affected by contracts that you hold with the primary carrier.
- If the provider receives payment in excess of actual charges and has collected a copayment, deductible or coinsurance from the member, the provider should reimburse the member up to but not exceeding the amount of the copayment, deductible or coinsurance. Any additional overpayment for that date of service should be refunded to the secondary carrier.

Section 15: Termination

The initial term of the Dental Network Participation Agreement is one year from the effective date. The Agreement shall automatically renew at the end of the initial term and continue in effect until terminated in accordance with such Agreement.

Types of Termination and Effective Dates

- Without cause: either party may terminate the Agreement with an effective date after the initial one year term without cause by giving at least ninety (90) days written notice to the other party at their address on file. For Arkansas Blue Medicare, that address is:

Dental Provider Relations
P. O. Box 1650
Little Rock, AR 72203

The effective date of the termination will be as of 12:01am on 90-day notice period. During this 90 day period the dentist will be responsible for sending all patients of record written notification that the provider will no longer be an in network provider with Arkansas Blue Medicare. The parties may also terminate the Agreement at any time by written mutual consent.

- With cause: may occur immediately with written notice to the dentist. Causes include but are not limited to: material breach, fraud, misrepresentation, and loss, limitation or suspension of licensure. You must conspicuously post or provide members with notice that you no longer participate with the plan.
- With cause: may occur if you do not consent to any change(s) to the Agreement made by Arkansas Blue Medicare. The "Agreement" consists of the Agreement, Dental Manual, MA Manual and any Amendments to the Agreement. Arkansas Blue Medicare will provide you with ninety (90) days advance written notification of any proposed change(s) to the Agreement. If you fail to reject the change(s), in writing within thirty (30) days of receiving notification of the change(s), the amendment will be deemed to have been accepted. However, if you reject the amendment, in writing during that thirty (30) day period, Arkansas Blue Medicare has the right to either: (1) notify you that it has elected to not amend the Agreement, or (2) terminate the Agreement upon ninety (90) days written notification. Changes to administrative policies, procedures, rules and regulations, conditions of participation, or the Maximum Allowable Charges (fee schedule) do not require an amendment to the Agreement.

Arkansas Blue Medicare may terminate your Participating Provider Agreement immediately, upon written notice, if you fail to satisfy the requirements set forth in the Conditions of Participation.
